# ***VOTE !***

### **Two months ago**

Two months ago, [\*\*\*Elections Pickering\*\*\*](#) (digital) was launched to positive reviews, support and acceptance not just by the candidates in the election but by many of the [\*\*\*BOOKz COOKz NOOKz\*\*\*](#) website visitors. Thank you everyone.

The goal in launching [\*\*\*Elections Pickering\*\*\*](#) was simple and clear: to increase voter turnout from the 18% of the previous election to 25%. A seemingly realistic goal. This goal is attainable but only with your participation. Vote !

Pickering has tried to make voting an even easier process with Internet voting. You can vote electronically, on your computer, on your smart phone, on your laptop...from the convenience of your kitchen, your family room, even your bathroom if you plan on making editorial comments. The turnout still depends on you. You need to take a few minutes to learn how to use the electronic access if you choose to vote that way. Otherwise, a week later, Oct 24th, you can still vote the old fashioned way. Walk, bike or drive over to your local polling station, check in with the polling clerks with your identification to confirm your identity and cast your ballot.

Some important preliminary steps to voting

1. Ensure you are eligible to vote
2. Bring suitable ID to the polling station (photo ID is best)
3. VOTE

To underline why you should vote again may be redundant. However, be reminded that municipal government affects your life more directly than any other level of government, from brushing your teeth and washing your face in the morning to your final visit to the washroom before bedtime at night. Your municipal government is there, so to speak.

### **The bottom line**

**VOTE!** Vote because you care. Vote because you're a responsible citizen. Vote because you recognize that you really do have a say in how your municipal councillors manage your city. You're an important part of city government. Your vote is important.

So.... ***VOTE !***

<p>NAGY, MARA</p>		<p>WARD 2</p>	<p>Lifelong Pickering resident, social and environmental activist, public school special education teacher, essential worker, York University PhD candidate in community development and local history. Honest, transparent, inclusive, sustainable, and community-oriented; politically active, and passionate for change</p>
<p>NAQVI, ALI</p>		<p>WARD 3</p>	
<p>NAZAR, BRADLEY</p>		<p>MAYOR</p>	<p>"I'm running for Mayor because it's time for change in Pickering," said Brad Nazar. "It's time for "responsible development" to be a guiding principle at City Hall, not just a passing political slogan, and it's time for transparency at City Hall to be a rule of thumb, not a passing thought.</p> <p>We can work together to build a better Pickering for us all. That's my promise to the voters of Pickering. For all my neighbours out there that feel the same way: I hope you'll join me."</p> <p>Bradley Nazar has dedicated most of his life to serving the public. He joined the Canadian Armed Forces Reserves at the age of 16 as a summer job. That summer job lasted almost decade and paid for his degree at Carleton University, where he graduated with a BA in Criminology with a minor in Law. Upon graduating, Brad started working on Parliament Hill, first in the office of the Minister of National Defence, and then in the office of the Minister of Fisheries and Oceans.</p> <p>After completing his MA in International Security at the Centre for Policing Intelligence and Counter Terrorism at Macquarie University in Australia, Brad had a brief stint in the private sector, improving security at diamond mines and other facilities in Canada and internationally.</p> <p>In 2018 he returned to public service, working for Minister Peter Bethlenfalvy at Queen's Park, first as Director of Issues and Legislative Affairs at the Treasury Board of Ontario, and then as Deputy Chief of Staff at the Ministry of Finance of Ontario.</p> <p>Brad now works for Metrolinx and lives in Pickering with his wife, two young sons, and rescue dog Oscar.</p> <p>Brad believes that public servants should serve the public interest, regardless of outside influences. Over the past few years, he has listened as fellow residents have grown concerned over the influence that developers, and their donations and</p>

			gifts to Pickering Council, play in Pickering municipal politics.

He was re-elected to Ward 3 in 2000, 2003, 2006, and 2010, and elected as Regional Councillor in 2014 and 2018.</p> <p>He works hard for residents for fair taxes, sustainable and orderly growth, improved infrastructure, attracting and growing business, new recreational amenities, and a safe community.</p> <p>David holds a Bachelor of Environmental Studies- Honours Geography Degree from the University of Waterloo. He had a 32-year career in senior positions with several Ontario government ministries, which included experience in budgeting, planning, and environmental protection.</p> <p>In 2013, Councillor Pickles was awarded the prestigious Queen Elizabeth II, Diamond Jubilee Medal, for his work in the community.</p>
<b>RAJASINGHAM, RAVEENA</b>		<b>WARD 1</b>	<p>A resident of Pickering over 16 years, wife and a mother of three children with deep passion for helping the community. An accomplished healthcare professional as a National Cardiology Clinical Specialist, lecturer and an avid academic researcher. I am honored to have been encouraged by community members to bring my passion, strengths and leadership to serving the community on Pickering Council.</p> <p>As an immigrant growing up, I've always valued the idea that each of us can be change-makers. This has led to my passion for community development and striving to make a difference in the communities I have been a part of. I have inspired and mentored many youth, seniors, and young women to be leaders today and for the future.</p> <p>I have spent decades working to enrich the communities I've been immersed in. My recent community volunteer involvement has been:</p> <ul style="list-style-type: none"> <li>• Youth Chairman Royal Canadian Legion Pickering branch</li> <li>• Founder of Pickering-Ajax Public Library Science Fair</li> <li>• Past board director and facilitator of Center for Leadership and Innovation</li> <li>• Pickering Cultural Fusion fashion show coordinator and host</li> <li>• Community liaison working with Indigenous communities to educate and support their cause</li> <li>• Co-organizer of frontline Worker Appreciation Parade</li> <li>• University of Toronto Tamil Chair Youth initiative coordinator</li> <li>• Chair/organizer of frontline workers care packages</li> <li>• Organizer of community tree planting initiatives for many years</li> <li>• Coordinator of clothes, food and hygienic products drive for homeless shelters during pandemic</li> </ul> <p><b>Our community is calling for a fresh face that can bring a strong voice for Pickering and that is exactly what I can bring:</b></p> <ul style="list-style-type: none"> <li>• A mindset for setting strategic plans</li> <li>• Responsible development along Kingston Road, safer streets and protecting our cherished waterfront and trails</li> <li>• Championing the unique needs of our seniors, youth and children</li> <li>• Creating jobs by bringing in large corporate companies to Pickering, supporting and encouraging small businesses in Pickering.</li> </ul> <p>And a strong sense of fiscal management to service our needs today and our growth for tomorrow</p>
<b>ROBINSON, LISA</b>		<b>WARD 1</b>	<p>Lisa is a true warrior of the people who is willing and ready to lead the people of Pickering as their ward one city councilor. Her strong and resilient willpower started at an early age which has enabled her to help families for over 20 years in Real Estate. Besides that, her passion in matters of Law and Politics further fueled her to become a paralegal because the rampant corruption she witnessed in her community gave her</p>

			<p>sleepless nights.</p> <p>Lisa's burning desire to protect the people of Pickering and its environment have all been pieces of the puzzle that have joined to form, shape, and create a whole picture of her ultimate intentions. With unmatched expertise, she strikes a delicate balance between her professional life as a paralegal, real estate negotiation expert, and published author and her community expectations as a philanthropist, community advocate, source of inspiration, and most importantly as a proud mother to a teenager.</p> <p>Her consistent link with the immediate community has resulted in running charities namely Robinson Halloween Haunt and corn Maze and Project Humanity and volunteers as Vice Chair on the parent's committee at the local Catholic school. Lisa is an individual who cares for others in her community, volunteers for the good of the community, and has a firm stand on what a public servant should be. In addition to that, she strongly believes in always doing the right thing to uplift the community standards towards a better version of itself.</p> <p>Lisa also has an active social life as she enjoys activities such as golf, scuba diving, martial arts, tennis, skiing, swimming, and public speaking all of which strengthen her bond with the community as she interacts with others. Being a founder of Liberty Legal Services Professional Corporation, she has really offered practical leadership skills to her co-workers as far as leadership is concerned. She is a leader who knows the way, shows the way, and goes the way with unshakable integrity in all that she does daily.</p> <p>The people of Pickering need a leader not only who is politically driven but also one who identifies with their daily struggles and a leader who is able to walk the talk and do something tangible to improve the ongoing situation in the community. No leader encompasses all these except Lisa Robinson, one of their own.</p>

## *Issues by constituency*

<b>ASHE, KEVIN</b>		<b>MAYOR</b>	
<b>BLAIR, JAMES</b>		<b>WARD 1</b>	
<b>BRENNER, MAURICE</b>		<b>REGION 1</b>	<p>3 Key issues:</p> <ol style="list-style-type: none"> <li>1. Affordability- Reducing Residential Tax Burden and obtainable Housing</li> <li>2. Balanced approach to Development and Intensification without compromising infrastructure and quality of life</li> </ol>

			Community Safety/Community
<b>BUTT, SHAHEEN</b>		<b>WARD 3</b>	
<b>COOK, LINDA</b>		<b>REGION 2</b>	
<b>COURTIS, MICHAEL</b>		<b>TRUSTEE, DDSB</b>	
<b>CROTEAU, SHERRY</b>		<b>TRUSTEE, DDSB</b>	<p>My priorities are student achievement, facility improvements and overall student experience. For students across Pickering to succeed they must have equitable access to a safe, clean and welcoming school environment and be provided with the needed technology, mental health supports, programming and extra-curricular activities.</p> <p>All people deserve to be heard and valued. I will champion policies of inclusion and equity and reject intolerance in all its forms. I will listen and learn from others and take action to defend those who experience discrimination.</p>
<b>CUNNINGHAM, EMMA</b>		<b>TRUSTEE, DDSB</b>	<p>The three biggest issues are:</p> <ol style="list-style-type: none"> <li>1. <b>Equity</b>, particularly when it comes to students with special needs who require educational assistants or other staff. Understaffing these areas stops many students from success. Equity also becomes a problem when it comes to schools fund raising to make up for the lack of funds from the provincial government. Students in richer areas have access to additional</li> </ol>

			<p>resources since they are fund raising from people with more money to give. We need to do something to even this out so every child has access to the same high-quality education complete with all the necessary tools.</p> <p>2. <b>Bullying</b>. While there is an excellent zero-tolerance policy written, in practice, bullying complaints often go nowhere if the behaviour isn't personally witnessed by a staff member. When students eat alone with only occasional checks but a lunchroom supervisor, how can this behaviour be observed and corrected? Most bullies are facing some sort of hardship that causes them to lash out – and addressing the root cause of their unhappiness requires a thorough investigation as well as both discipline and understanding.</p> <p><b>Accountability</b>. Firing the ethics commissioner while an investigation was occurring looks terrible. Either the Board needed to come forward publicly as to why the ethics commissioner must be replaced, or allow the investigation occurring to take place. The Board cannot hide behind closed doors</p>

**YACUB, ANTHONY**

**WARD 1**

This campaign cannot be simplified into a simple slogan or a one-priority election, it has many symptomatic concerns which revolve around one core root cause issue:

**Infrastructure.**

- Lack of Sustainable Community Infrastructure  
Many residents are not opposed to the idea of Development or the Kingston Road Intensification Project, housing is needed and residents just want to see a clear benefit to them without interference in their quality of life.

Our existing residents are being neglected: overhead power lines, lack of photo radars in community safe zones, taxation being increased without any clear advantage to them as taxpayers.

Rather than diversifying necessary services like grocery stores and pharmacies to new developments communities like Seaton, council has decided to increase lanes on Whites Road which only make the problems worse in Amberlea of speeding in community safety and school zones as they try to go to their closest Metro, Pharmacy, etc.

- Environmental Concerns & Community Heritage

Our Ward has two beautiful conservation areas: Rouge National Park & Petticoat Creek in which we are splitting the environment along the waterfront by continued development. If we would like

			<p>to build more, we need to do it in a sustainable manner by reducing noise pollution and allowing for animal habitats to migrate easily between these two areas. This is their home as well, and I want to be able to co-habit as it is mutually beneficial for our children to witness nature, animals, and birds while growing up as it adds to their quality of life</p>

**Teacher. Essential Worker. Activist.**

Mara Nagy has spent her career fighting for equal access to opportunities for underserved voices. As a teacher and essential worker, she has seen first-hand the challenges our community has faced over the last four years, and as a PhD Candidate in community history and development, she is well-poised to support growth and development in mindful, sustainable, and community-oriented ways.

As an activist, Mara worked to repeal the wetlands MZO in south Pickering, stood with teachers and educators at the Rally for Education at Queen's Park, and joined workers at the picket lines, because everyone deserves a fair shot. She stands with residents, small businesses, and essential workers, as they struggle to have basic everyday needs met, like affordable taxes and a community in which they can thrive.

*LISA ROBINSON, Councillor candidate, WARD 1*

**ELECT**

**Peter  
RODRIGUES**

There is currently farming on the **Federal Lands** in Ward 3. The original amount of expropriated land was the size of Ajax. Farmland is critical for our food supply. 319 acres of farmland disappear every day in Ontario. Some Pickering politicians are saying the Pickering land is airport lands. This is simply not true. There has never been a peer-reviewed study in the last 50 years to justify the many billions of dollars that would be wasted on an unnecessary airport. All the federal government studies (both Liberal and Conservative) reports conclude... There is **NO NEED** for an AIRPORT, not even in the near future. We need local farming for millions of people in the GTA area. The airport in Montreal (Mirabel) constructed 50 years ago under the same false reasoning, had its last passenger flight in 2004, and has had its terminal buildings torn down in 2014, because it would still not be needed 50 years later. People eat food every day. They don't need an unproven and costly airport every day.

There are **75 tall Condo Towers** being planned right now for Pickering. They will be mostly along Kingston Road. There is tremendous opposition from residents. As usual, most of the current Pickering councillors do not support the residents' many important concerns. If Pickering wants uncontrolled growth that favours the land developers' interests, there vast areas already assigned for development in the Seaton area in central Pickering. There are many legitimate problems with the 75 towers, from dramatic traffic increase concerns, to the impact on existing homes and businesses.

**Affordable Housing** needs to be a priority in development planning. This is important for all segments of society... for young families, and to accommodate the particular needs for housing for our seniors. These all have to be planned appropriately for what is best for their lifestyle and health care.

A **Lobbying Registry** was voted against in Pickering! Why?

In April of 2021 City Council in Pickering voted against the creation of a Lobbying Registry for the City of Pickering. Part of the Motion reads: "... public office holders and the public should be able to know who is attempting to influence the decisions of municipal government ...".

Why would a City Council vote against that?

Pickles and Butt your councillors in Ward 3 voted **NO !**

Who donated money to city council in Pickering? How much was given?

Go to my campaign website [YourVoicePickering.com](http://YourVoicePickering.com) to see the link for more details.

Yes, building a **Hospital** would be great in Pickering, but there is no justification for locating it on extremely sensitive environmental lands, especially when there are still 800 acres in a much better location in the Seaton area, which will need a local hospital. The wrong location only benefits the Land Developers.

Land Developer money for me? ZERO \$0.  
No donations will be accepted

## KEEP THIS CARD

**Experience and Trust** I have a proven record of Experience and Trust. I was involved in Pickering politics, and supporting residents' concerns, long before I successfully ran as a candidate and was elected to Pickering Council and Durham Council.

**Property Taxes are Simply Too High** The biggest issue in Pickering is Property Taxes are simply too high! As a Regional Councillor, I continually voted against raising property taxes. I moved several motions each year to further reduce the budget expenditures, so that you would have more money in your pocket for your family's needs. Your property taxes should not keep increasing by more than your income, or more than the cost of living index.

**Community Engagement** Related to high property taxes is the lack of real Community Engagement. When only a few people are at the all-day Budget Committee meeting, and the vast majority of residents are completely unaware of it, then there is a real disconnection from true and meaningful community engagement. Sure, the city tries for some involvement with residents in the social aspects of life in Pickering, but when it comes to critical matters involving property developments and financial budgets, meaningful inclusion is lacking. Many residents feel that their councillors do not act in the best interests of their residents. I have seen many Council meetings where residents express their desires, but realize that councillors ignore their concerns.

**Community Advocate** I have a solid record of representing the interests of residents, as a Community Advocate and serving the community's needs. Unlike most councillors, I was available **full-time** to serve and assist residents with all matters and concerns, as before, it will be my primary focus again.

**Accountability and Transparency** Some members of council have become too complacent. There should be **Term Limits**, as well as a **Recall** mechanism for removing Councillors, who say one thing to get elected, and then don't act in accordance with the demands of their residents. I will be bringing forward many positive motions in Council to hold our representatives accountable. We need to have **Recorded Votes** on all matters, so that you can know easily how your councillors voted on all matters. Councillor expenses should be much more readily visible.

Did you know that only about 30% of residents vote!  
Your Vote can make a huge difference, and is very important for protecting Pickering.
